

TREE POWER INCENTIVE PROGRAM

Planting trees can save money and energy in heating and cooling. Shade trees on the south and west sides of your home make hot summers cooler and let in warming sunlight when the leaves are gone in the winter. Trees act as a natural air filter since they remove dust and greenhouse gases such as carbon dioxide while adding oxygen.

New Glarus Utilities offers a bill credit equal to 50% of the purchase price (up to \$50 per tree) for planting shade trees to conserve energy. To be eligible follow the guidelines outlined below:

Eligibility:

- Be a current customer of New Glarus Utilities.
- Purchase a shade tree(s) that meets the following criteria:
 - Must be deciduous. Evergreens are not eligible.
 - Must be nursery grade stock.
 - Must have potential to attain a height of at least 25 feet when mature.
 - Must have a caliper of at least 1¼ inches at the time of planting.
 - Must be planted in a location that provides significant shading of an air-conditioning unit or the south or west exposure of a home upon tree maturity. New Glarus Utilities recommends planting shade tree(s) approximately 25 to 35 feet away from area to be shaded.
 - Must be located away from underground and overhead utility lines.
- Applicant **MUST** call Diggers Hotline (800-242-8511 or 811) prior to planting tree(s). The hotline ID number must be reported on the application.
- Applicant must complete the Tree Power Application and return it to our office, with a copy of the original sales receipt for the shade tree purchase to New Glarus Utilities, PO Box 399, New Glarus, WI 53574.

Certification and Agreement

I understand that this offer provides an incentive of 50% of the purchase price of each tree, up to \$50 per qualifying tree. I agree that the tree(s) listed above meets the eligibility requirements described on the front side of this application.

I agree that New Glarus Utilities reserves the right to verify sales receipts and/or planted trees before issuing incentives.

I agree that New Glarus Utilities does not guarantee that the planting of shade trees or the implementation of any energy efficiency measure described in this application will result in energy cost savings. New Glarus Utilities makes no warranties, expressed or implied, with respect to any equipment purchased and/or installed including, but not limited to, any warranty of merchantability or fitness for purpose. In no event shall New Glarus Utilities be liable for any incidental or consequential damages.

I certify that all statements made in this application are correct to the best of my knowledge. I agree to the terms and conditions of this offer as set forth on this application.
